## THE REPUBLICAN STATE TICKET AND PLATFORM.

The Republican State Convention has done its work and done it well. It has presented to the people a ticket and platform upon which every Republican can heartily unite. The platform is fully up to the requirements of the times, and just such a platform as the people have been wanting for many years. There is no uncertain ring about it; every note sounds sharp and clear. It is written in such plain English that there can be but one construction. In short the party reaffirms the cardinal doctrines, and upon State matters declares that there shall be no repeal or modification of the bullion tax law; declares that if a Republican Legislature is elected there shall be legislation upon fares and freights; declares that "The Chinese Must Go"; and, generally, places the party in full accord with the wants of the people. It is a glorious declaration of principles, and the character of the man nominated is the best evidence that it will be lived up to in its entirety.

### NOMINEES FOR CONGRESS.

R. M. Daggett is the nominee for Congress. Probably no man in the State is so well known as Daggett. His name is inseparable from the Enterprise. He is acknowledged the best newspaper writer on the coast. He is a man among men, a giant in intellect, sharp in debate, has a great warm heart, and as a Republican stands at the head of the list. No man is entitled to more from the people of this State. He would be a representative of the whole State. No corporation collar covers his neck, nobody can justly claim him for their own man. He does his own thinking, his own talking, and Right is always uppermost in his mind. It is of vast importance to the country that men of Daggett's stamp should be in Congress. The Nation will be safe with men of his class. We have no doubt of his election, but the majority should be as large as possible.

### GOVERNOR KINKEAD.

We call him Governor, for John H. Kinkead is certain to be at the head of Executive affairs of this State for the next four years; possibly eight. A man of solid worth and integrity; a plebeian, yet bright in all the attributes that endear him to all; honest and capable; warm hearted and generous to a fault; true to his friends; a pioneer of the country; a laboring man; one who believes that Labor should go hand in hand with Capital, yet Labor is to have the benefit of all doubts; a man capable of receiving and entertaining State visitors in a hospitable manner; fully alive to the wants of the masses, and determined to protect them; a man without money, in fact poor in this world's goods, yet rich in mind and heart, rich in honesty and integrity. No Republican should fail to vote for him; many Democrats have too much sense to vote against him.

### LIEUTENANT GOVERNOR.

Harry R. Mighels, editor of the Carson Appeal, the nominee of the party for Lieutenant Governor, also deserves well of his party, the people and his country. He was a soldier when soldiers were needed, and when not serving in that capacity, has aided his country with his pen, and "The Pen is mightier than the Sword." His experience as Speaker of the Assembly eminently qualifies him to act as President of the Senate.

### CONTROLLER.

J. F. Hallock, of Pioche, will be the next Controller of State. He is thoroughly qualified for the position; his friends declare him a ripe scholar, a true gentleman, and a man certain to be foremost in protecting and looking after the interests of the State.

### SECRETARY OF STATE.

Jasper Babcock, of Storey, is the

nominee for the important position of Secretary of State. Mr. Babcock is an accommodating gentleman, and it would be a pleasure to do business with him. Though the office is mostly a clerical one, yet connected to it are important duties which demand that the position shall be filled by one who is fully capable. Babcock is the man.

### STATE TREASURER.

L. L. Crockett, of Reno, is the nominee for State Treasurer. The Convention has our thanks for this compliment. Mr. Crockett is a strong man for the position. He is not only a strong man but a good man, and he will have no trouble in giving the necessary bond, even though a million dollars should be required. Mr. Crockett has been identified with the State from its infancy; has held many positions of public and private trust, and has a record second to no other man in the State. We vouch for him as being as good a custodian of the Treasury as could be selected, and we hope his majority will be 5,000.

### ATTORNEY GENERAL.

M. A. Murphy, of Aurora, for Attorney General, is warmly endorsed for the position by Judge Hawley and Judge Whitman, a recommendation sufficient to cause all to vote for him. Mr. Murphy has been in Esmeralda since 1863, where he has built up an extensive practice.

### SURVEYOR GENERAL.

We again thank the Convention for the compliment paid Reno and Washoe county in the nomination of A. J. Hatch for Surveyor General. Mr. Hatch, we guess, has been a surveyor ever since he was able to carry a chain and handle a compass. For many years he has been Co. Surveyor here, and a U. S. Mineral Deputy, and in that position he surveyed a majority of the lands in this State. His fitness for the position must therefore be conceded.

### SUPREME COURT CLERK.

The Convention paid C. F. Bicknell the compliment of a renomination. During his present term Mr. Bicknell has shown that he was the right man in the right place. As everybody concurs in this opinion, the Democratic candidate will find that the campaign will proceed as usual should he choose to remain at home.

### SUPREME JUDGE.

Hon. Thos. P. Hawley, the present Chief Justice of our Supreme Court, was complimented with the nomination by acclamation. If there is one man above another who is the people's candidate that man is Tom Hawley. A pure man and incorruptible Judge; no money can buy him; no corporation can influence him; a credit to the Bench and a man whom to remove would be a public calamity. Irrespective of party every voter in the State should vote to retain him on the Bench. Our Judiciary should be kept pure, and when we have a Judge like Hawley it should be our first duty to keep him on the Bench.

### SUP. OF PUBLIC INSTRUCTION.

J. D. Hammond is the nominee for Superintendent of Public Instruction, and is in every way qualified for the position; a teacher of long experience; a fine scholar, an eloquent speaker, a true gentleman. Hammond will be an officer who will do the State credit.

Thus the Republicans have presented to the people a list of candidates selected with regard to peculiar fitness for the respective positions. fealty to party, availability, and proper respect to all sections of the State. That the people will endorse the action of the Republican State Convention we do not doubt; neither do we doubt that the best interests of the State will be subserved thereby.

## DISTRICT JUDGE, SECOND JUDICIAL DISTRICT.

Charles S. Varian is the Republican candidate for Judge of the 2d Judicial District, composed of the counties of Washoe, Ormsby and Douglas. Mr. Varian is one of the very best lawyers in the district, and is warmly endorsed by the Bar for the position of District Judge. We believe that he would make a good Judge, discharging the duties of the position with fidelity to the true interests of litigants, studying carefully the rights of all, being only actuated by a desire to make a record for himself as a Judge and a man which shall last for all time. This is the more natural for the reason that he is a young man and has the world before him; hence his future is entirely of his own making. His mind is too evenly balanced to intentionally cause him to make any mistakes. There is no question of his competency; his standing as a lawyer in the district, and his position of U. S. District Attorney of Nevada is a sufficient recommendation. His interests are all here in Washoe county, and his election as Judge will be a great convenience to this people and the Bar of Washoe county. The complaint has been often made that on account of the Judge living in another county, the interests of Washoe have been often neglected. Now that we have a chance to remedy this evil, if it be one, there should be no further complaint should we fail to do so. Not alone party, not alone pride of county, not alone personal, but every consideration demands that Washoe should be the best for C. S. Varian for District Judge.

## WORKINGMEN.

18th That all legislation should be for the equal protection of labor and capital. All laws giving special privileges and powers to Banking or Railroad corporations or other monopolies to their nature or effect injurious to the interest of the workingmen should be repealed.

NEWS OF THE MORNING.

A Spanish official has been murdered near Tetsum, Morocco, and Spain demand reparation.  
General Gibson J. Pillow, of Mexican war notoriety and a Brigadier-General in the Confederate service, died Wednesday of congestion, at Helena, Arkansas.  
The wages of the employees in the Portsmouth Navy yard are cut down twenty per cent, and the men placed on half time, on account of the delinquency in the appropriations.  
The Indiana Senate will stand 24 Democrats, 25 Republicans and 1 National. In the House the Republicans will probably have 45, the Democrats 51, and the Nationals 4.  
A London correspondent at Simla telegraphs that he is informed on what he believes to be good authority that Gen. Ross' column has passed Ali Masjid and is advancing on Daska, which will be captured Thursday at any cost.  
It is feared that an accident has happened to the Eldstone light-house during the storm now raging, as no light is visible at Plymouth. The foundations of the lighthouse were recently reported becoming unsafe.  
The Treasury Department Wednesday purchased 1,200,000 ounces of silver bullion in San Francisco, at a price considerably below the London quotation. The number of standard silver dollars coined to date is about 1,700,000, and it is not believed there are more than 2,000,000 dollars in actual circulation.  
The following are the latest returns from the Iowa election: 110 towns and 14 counties give Hull (Republican), for Secretary of State, 11,911 majority; 18 towns and 4 counties in the First District give Cummings (Republican), for Congress, 484 majority; 9 towns and 5 counties in the Eighth District give Sapp (Republican), for Congress, 3,367 majority; 39 towns and 8 counties in the Ninth District give Carpenter (Republican) for Congress, 4,403 majority.  
The Ohio Republican Central Committee claim nine Congressmen: Townsend, Garfield, Underkuff, Monroe, Kifer, Neal, McKim, Young and Butterworth. But little attention has been given to the State ticket majority, but if the aggregate keeps up to the end as it has begun there will probably be from 7,000 to 10,000 majority. The Democratic State Central Committee claim eleven Congressmen as certain: McMahon, Lefevre, Hill, Ford, Fuley, Converse, Ewing, Decker, Abertson, Guides and Warner. They give the State to the Republicans.

SENATOR JONES, OF NEVADA.

(Resources of California.)

When, some years since, the good news of the election of the Hon. John P. Jones, by the Legislature of Nevada, to the United States Senate, for a full term of six years, was received in this city, we published the following:

We congratulate our sister States of Nevada upon the selection of the Hon. John P. Jones as its Senator. Mr. Jones is a gentleman of unswerving integrity, a firm friend and very popular with the masses. He is of decided character and ability, and will doubtless acquit himself handsomely as a man of clear intellect and sound patriotism. He will prove the peer, in debate, of any one in the honorable body to which he has just been elected. His election affords great satisfaction to Californians, as he long resided here; his legislative experience in California is well known and appreciated by all the old residents of our State. Mr. Jones is comparatively young, just entering the prime of his manhood. We extend him the success to which his untiring energy and honesty of purpose justly entitle him.

The honorable gentleman said of the country above him, he stands before the country as one of the honored Senators, the peer of her best. His record is unquestioned as to integrity and persistence in debate. The speeches of Senator Jones during his term in the United States Senate have stamped him a man of bright mind, and have done honor to the State he has so ably represented, and have reflected credit on the entire Pacific slope. In the discussions on the most important matter of domestic Legislation that occupied the attention of the national representatives during the last session of Congress he took the leading part. His speeches during the debates on the Silver bill evoked an amount of special and exhaustive knowledge of the question, a logical power and command of facts which astonished even his warmest admirers. The amount of labor and research of which they gave evidence can be fully appreciated only by those whom special study has made acquainted with the difficult and complicated nature of the subject. The substantial victory to which he is thankfully acknowledged by the nation at large as a piece of wise Legislation, affording its most vital interests. This action in reference to the "Silver bill" was anxiously watched by all the leading financial rulers of the world. The views of Senator Jones, and his able exposition of them, exerted the unqualified admiration of the chief financiers of Europe, and the complete adhesion of many of them. In the further discussion of this most weighty topic, which will take place during the next few years, the absence of Senator Jones from the national councils would be nothing less than a public calamity. The electors of Nevada could not, under any circumstances, allow his place to be filled by any less competent champion of their interests. Any competitor who would seek to exclude such a protagonist from the scene, where the points at issue are of such overwhelming national importance, would incur responsibility in the eyes of his fellow citizens for which no political promotion could compensate.

We look on the re-election of John P. Jones as a foregone conclusion. What Senator Jones has done to advance the mining interests of this coast, by his knowledge, skill, energy and the free and generous employment of his capital, need not be repeated to the citizens of Nevada and California. Throughout the whole country his name is associated with the wonderful development of our mineral resources, and with other beneficent enterprises having for their object the advancement of the industrial interests of the Pacific coast. The working classes of Nevada have no able advocate, no wiser and truer friend, than Senator John P. Jones. As a man in all his public and private relations, he is upright. His service in the past are of the too brilliant a character, and furnished too sure a guarantee of the value of his future labors for the good of the State he represents, and of the country at large, to admit of the idea that the latter will not be thankfully welcomed by both.

Of course the citizens of the State of Nevada cannot directly vote for a Senator, but they can carefully scrutinize the legislative ticket and vote only for those gentlemen who, with regard to party, will support the honorable gentleman for the position of United States Senator who has done so much for their very best interests.

The accident to the excursion train on the Old Colony Railroad, near Boston, on Tuesday last, was a very serious affair. The superintendent of the road blames the conductor of the freight train for the accident. The death list comprises nineteen persons, and the number wounded is about 150.

"A speedy return to specie payments is demanded alike by the highest consideration of commercial morality and honest government."—Ohio Democratic Platform, 1872. "We demand as further acts of justice, as well as measures of relief, the repeal of the Resumption Act."—Ohio Democratic Platform, 1873.

At the annual meeting of the stock holders of the Nevada Bank, of San Francisco, Wednesday, the old Board was re-elected, with the names of J. L. Flood substituted for that of W. S. O'Brien, deceased. The sum of \$5,000,000 was carried over to the reserve fund.

MINING IN MEADOW LAKE DISTRICT.

We noticed several days since that several mining locations in Meadow Lake District, owned by Mr. Hartley, who has stood by the district since its first times of twelve years ago, had been leased to G. D. Roberts and A. E. Head. These gentlemen intend to commence work at once upon the claims, for the purpose of development, and for several years past Harry Mill, a well known mining foreman, has been in Grass Valley engaging miners to go to Meadow Lake to work on the claims. He has employed fifteen men in all, and yesterday went with four of them by the evening train to Truckee, to which point tools and supplies had been shipped, and from whence they will go into Meadow Lake by way of Webber's. Mr. Mill will put up the necessary buildings for his men, and will then send for the balance of his crew. He has engaged a picked lot of miners, and will make every preparation to keep them all through the winter months. An engine is to be sent up shortly, for the purpose of sinking on one of the ledges, while another is to be tapped by a tunnel. In an ordinary winter the snow falls 8 and 9 feet at Meadow Lake, and has been known to be as much as 20 feet. A good store of supplies will be laid in, and all the necessary buildings erected to comfortably shelter the men and house the mines, so that work may be carried on without interruption during the winter months. The climate of Meadow Lake is not at all severe in winter, but the depth of snow fall, and the length of time it lays on the ground must make living there in that season of the year somewhat monotonous. It is the intention of the gentlemen under whose auspices these mining operations are to be conducted to give the locations which they have bought a thorough test. Not only these ledges, but many others in the district prospect richly in gold, but this is so mixed with the base metals that the difficulty heretofore has been to separate by any known profitable process. This difficulty is being gradually surmounted, until it is coming to be understood that the stubborn ores will yield to treatment. This fact established, and Meadow Lake will become a great mining district, as the veins are not only numerous, but some of them very heavy. With deeper prospecting than has heretofore been carried on the ores may also change from their present refractory character to something more easily manipulated. Heretofore capital has held aloof from the district—and the fact that a strong company, financially has now taken hold of several mines to develop them is a very encouraging sign.—Union.

TERRITORIAL GLEANINGS.

The survey of the Clearwater river, Idaho, is in progress.

The Utah and Northern Railroad will soon be completed to Snake river.

The late Democratic Convention of Idaho balanced nearly one hundred times to get a candidate for Congress.

One thousand teams are engaged in freighting to Montana and Idaho from the termini of the Utah and Northern Railroad.

An additional mile of water mains is to be laid this fall in Salt Lake City to supply citizens now petitioning for water service.

The Lewiston, Idaho, Mill Company recently received a drive of a million feet of saw logs, and the mill is running on full time.

The Salt Lake Tribune says there is no interest whatever taken in the coming territorial election. Cannon will be re-elected and take his seat among the National law makers without question.

Close imitations of silver dollars are made of block tin, bismuth and pulverized glass. An immense number of these bogus coins are in circulation in Idaho. They imitate exactly the true color and ring, and are about right in weight.

The Frisco Reduction Works, at Beaver, Utah, are to be sold, under execution from the Third District Court for \$15,000 and costs, on Oct. 16th; also the ten stamp mill situated at Milford, and the Hukory mines for the sum of \$2,300 and costs.

That Ameer of Afghanistan is either a spongy chaps or he gets away with a beautiful bluff sometimes. A dispatch from Calcutta quotes his wild words uttered some time ago before his Court, as proof of the hostility to the British which exists in Cabul. "I have seven crores of rupees by me," said the Ameer, "every rupee of which I will hurl at the British Government, and I will roll the border tribes against them like blasts of fire."

FORMERLY all American locomotives were jacketed with Russia sheet iron, and about 25,000 packages were annually imported. Now the sales of American planished iron aggregate 20,000 packages, and the importation of 1875 fell to 1,000 packages. The locomotives recently made at the Baldwin Works, says the Boston Journal of Commerce, were jacketed with the American article.

The Porte's circular, recently delivered to the powers reserved the Sultan's sovereign rights over Bosnia and Herzegovina, and concluded with a solemn warning against the occupation of Novi Bazar as certain to lead to a most terrible disaster. The circular also appeals to the powers to support in a friendly manner the Porte's representations against Austrian cruelties.

There were 636 deaths from cholera at Casablanca, Morocco, between the 7th and 24th of September. The epidemic is now decreasing.

**BOMB OF WAR.**—The late tour of General Sherman along our Southern frontier has given rise to the rumor that the Cabinet at Washington contemplates some movement which may result in war. It is not probable that the Cabinet at Washington contemplates any more aggressive movement than the protection of American citizens on the Rio-Grande, nor is it probable that Mexico will pursue a policy which will make a war a necessary result of such protection. The Administration has so far pursued a cautious policy with regard to the Rio Grande troubles, erring, if at all on the side of forbearance. There is little danger that an Administration of this character will plunge the country into war without cause.—S. F. Call.

**MORE PERSONS COMING.**—It is a noticeable circumstance that immigration to California, via the railroad, is increasing of late. No doubt California is the best location in the United States in which a person can settle at the present time. There is an opening for many millions of people on this coast. There is land which can not be properly improved for the next half a century, and although the owners of large estates have tried to keep them together, it will be impossible to do so much longer, for taxes on unimproved lands will soon compel a sale. This is beginning to be understood, and is the cause of some estates being now offered. There is an abundance of room for more comers if they will go into agricultural pursuits.—S. F. Call.

**A VOTER'S REASONS.**—In a political discussion in one of the saloons last night, when the name of a certain candidate was brought up, one of the discussers thus declared himself: "He's not on my ticket, but I'm going to vote for him anyway. He's not worth a damn for anything else, and it's cheaper for the county to keep him in office than it would be to keep him in the hospital."—Austin Reville.

SENATOR JOHN P. JONES is the unanimous choice of the Republicans of Nevada for re-election, and the Democrats are not making much of a fight against him. Mr. Jones has made a faithful, honest and able representative by a unanimous vote. Then, might it be said, States are not ungrateful.
